Swimmers may enter using an "Override Time" for times that are not in the national database. Override times must include the meet name and date. Override times that cannot be proven by the Entry Coordinator during the entry process will not be seeded in the meet. Times that are missing from the National Database should be requested through the host LSC National Times Coordinator of the meet at which the time was achieved.

OME RELAY ENTRY PROCEDURES: ENSURE "RELAY ONLY" ATHLETES ARE INCLUDED IN THE TEAM ENTRY ROSTER. Relay teams may be entered at any seed time.

TEAMS WITH UNATTACHED OR UNREGISTERED ATHLETES: Teams may enter athletes with an Unattached or Unregistered status. When building the roster in OME, select the "Add Unattached/Unregistered Swimmer" link. Unregistered swimmers must provide proof of registration prior to the swimmers first event.

Conversions may not be used to prove times; the swimmer must have achieved the qualifying time as published, in the type of course used to achieve the qualifying time.

Swimmers entered and checked in for a deck seeded event must swim that event unless he/she notifies the clerk of course, before seeding begins, that he/she wishes to scratch that event. Failure to do so will result in the swimmer being barred from his/her next individual event on that day or the next, whichever is first. Deck seeded events shall be closed for seeding as listed on the order of events.

A Any swimmer who competes in a preliminary heat and qualifies as one of the original 16 finalists must swim in that final's event; or must notify the clerk of course that he/she intends to scratch from that final's event within 30 minutes of the announcement of the qualifiers.

B Swimmers may reverse their intention to scratch and choose to be seeded for finals if they do so within 30 minutes of the conclusion of the preliminary session for that day.

C Any swimmer in a championship or consolation final who fails to swim that event will be barred from their next individual event, excluding finals and relays, in which he/she is entered unless excused by the meet referee due to one of the exceptions below.

D A swimmer not originally qualified for the championship or consolation final that is seeded into a final due to a scratch of another swimmer will not be penalized for failing to swim in that final.

No penalty shall apply for failure to withdraw or compete in an individual event if:

A The referee is notified in the event of illness or injury and accepts the proof thereof.

B It is determined by the referee that failure to compete is caused by circumstances beyond the control of the swimmer.

Declared False Starts:

Declared false starts and/or a deliberate delay of meet will be treated the same as "failure to swim".

NOTE 1: Alternates wishing to swim in an open lane in finals must be standing at the starters stand, ready to step on the blocks for his/her swim, when the swimmers are called to the blocks. Only the starter will call for the alternate, not the announcer.

NOTE 2: Finals/Consolation Finals scratches must be done individually; 'team' scratches will not be accepted.

USA SWIMMING - ON-LINE MEET ENTRY HIGHLIGHTS

- Ensure that swimmers times are loaded into the USA Swimming SWIMS database - Particular attention should be given to times achieved at observed and approved meets. Do not wait until immediately before the entry deadline to discover the time has not been loaded. Coaches and swimmers can verify that times are in the database by using the times look up at www.usaswimming.org/times. Contact the host LSC National Times Coordinator of the meet at which the times were achieved to have the missing times loaded.
- Only one account per team (Head Coach) can be used for team entries. The USAS ID number of the head coach will be required to begin the entry process.
- Read the tutorial comments on each page during the entry process. Most questions will be answered if the instructions are read.
- When advancing to through the entry process, each time the "NEXT" link is pressed, the information on that page is saved. This allows the entry to be processed during multiple sessions. Coaches can start an entry, save it as-you-go and OME will retain the progress that has been made on the entry.
- Use the links on the left side of the entry page to jump forward or backwards to specific sections of the entry process (i.e. Relay, etc.). Using these links also saves the information on the previous page.
- Payment must be made directly to YCF Swimming, YMCA of Central Florida, 8422 International Dr., Orlando FL 32819. OME is set up with zero entry fee charges to allow all teams to pay by check.
- Teams do not have to wait until the entire entry is completed. Teams can enter some athletes, then return at a later date and add more events, relays, or athletes.
- An athlete is not entered in the meet until the entries have been finalized/checked out.**
- When entering "Override Times" (times not currently showing up in the SWIMS database), in the meet name field, give meet name and brief details on where the time was achieved - i.e.: FGJO13-14-400FRelay Lead - There is room for 25 characters of data. Also enter the date of the meet in the date field. The National Times Coordinator will pre-clear as many (*) times as possible.
- Relays: When entering more than one relay per event (A and B), OME selects the fastest time in the database for the A relay and the fastest remaining time in the database for the B relay. If one of the athletes on the B relay (that OME selected) was also an athlete on the A relay, OME will signify that time with a (**). That time is not eligible for entry for the "B" relay. Select another listed time for the "B" relay or enter an aggregate time. As an alternative to using the OME best relay time, select Team (from the dropdown), then enter an override time for the relay.
- Hy-Tek Team Manager can be used as a tool to assist in the OME process.
 1. First load the "Meet Events File".
 2. In the Meet Maintenance panel, set the minimum age for open events as desired.
 3. Click on the "Enforce Qualifying Times".
 4. Set the "Use Times Since" date to the beginning of the qualifying period for the meet.
 5. Create a "Meet Eligibility" report. REPORTS/PERFORMANCE/MEET ELIGIBILITY. Select "Only Eligible Swimmers". This report shows all eligible swimmers for the meet.

6. Highlight events to be entered for each swimmer.
7. Look up and record bonus event entry times for swimmers eligible for bonus events.
8. Proceed with On-Line MeetEntry.
