**South Carolina  
Swim Club  
COVID-19 Meet  
Plan**

1. This section should include all special instructions for maintaining social distancing and limiting the spread of infectious diseases, including but not limited to:

*General Guidelines that Apply to All*

- Self-isolation – if you are sick, stay home,
- Practice social distancing of at least six feet distance to the greatest extent possible,
- Wash hands frequently (20 seconds with soap and water or use of a sanitizer that contains at least 60% alcohol),
- Clean and disinfect frequently touched objects (e.g., keyboards, phones) and surfaces (e.g., handrails, workstations, sinks) or remove unnecessary frequently touched surfaces (e.g., trashcan lids),
- Avoid touching of eyes, nose and mouth with unwashed hands,
- Strongly consider wearing a cloth face covering when in public and not in the pool (do not use on children under two years old, people with difficulty breathing, or people who cannot remove the mask themselves)
- Cover mouth and nose when you cough or sneeze and throw used tissues away immediately after use,
- Avoid using other employees' phones, desks, offices or other work tools and equipment when possible, or disinfect them before and after use,
- Minimize the use of soft surfaces like cloth covered chairs or area rugs that are more difficult to clean or disinfect.

*Guidelines Specifically for Public Swimming Pool and Large Gathering Events:*

- Re-enforcing the social distancing using signage and/or floor/deck stickers and/or by limiting the time a party can remain in the pool/on the pool deck.
- Avoiding group events, gatherings, or meetings both in and out of the water if social distancing of at least 6 feet between people who don't live together cannot be maintained. [Exceptions include rescuing a distressed swimmer or other emergency response scenarios,]
- Staggering the use of communal spaces, when feasible.
- Asking parents to be responsible for ensuring that children stay at least 6 feet apart from people they don't live with at all times while on the pool deck or in the pool.
- Limiting any nonessential visitors, volunteers, and activities involving external groups or organizations.
- Cleaning and disinfecting commonly used surfaces such as bathrooms, doors, handrails, ladders, gates, lawn chairs, drinking water fountains, picnic tables, etc. between each use by a different person, or at a minimum of once a day if unused.
- Installing signs and/or examples of six foot areas related to social distancing.
- Complying with SC Public Swimming Pool Regulation 61-51 is always required.
- Ensuring that life guards who are actively life-guarding are not also expected to monitor
- Hand washing, use of cloth face coverings or social distancing of others. Life guards should continue to follow universal precautions when rendering first aid of any type to patrons.
- Broadcasting regular announcements about how to stop the spread on the PA system.
- Ensure that the ventilation systems of indoor spaces are working properly.
- If planned events must be conducted, staggering drop-off and pick-up times, as much as possible, to maintain distance of at least 6 feet between people who don't live together.
- Asking parents to consider if their children are capable of staying at least 6 feet apart from people they don't live with before taking them to a public aquatic venue.
- Handshakes and "high-fives" are often exchanged at sporting events, and these can be ways in which COVID-19 can be transmitted from person to person. Consider displaying signs (physical and/or electronic) that discourage these actions during the gathering. **\*\*Note: Use culturally appropriate messages, materials and resources.\*\***
- Provide COVID-19 prevention supplies to event staff and participants. This includes hand sanitizer that contains at least 60% alcohol, tissues, trash baskets, disposable face masks and cleaners and disinfectants. Clean frequently touched surfaces and objects with detergent and water prior to disinfection, especially surfaces that are visibly dirty.
- Disposable face masks should be kept on-site and available in the event a worker or attendee becomes sick at your event. Those that become sick should be immediately isolated. Identify a space that can be used as an isolation area until the person goes home. Thoroughly disinfect the area prior to and after the event. Note: Providing a sick staff member or event participant with a disposable face mask to wear does not replace the need for that person to leave as soon as possible, stay home and seek medical advice.

2. The listed Safety Marshall is responsible for coordinating Return to Competition Plan and SafeSport Protocols.

3. All non-competing persons ie...officials, coaches, timers, spectators, and meet administrators must wear face coverings and comply with mandated social distancing and mass gathering rules. Athletes are strongly encouraged to wear masks between events. Athletes must wear a mask the entire time they are in the facility. The only time an athlete may take his/her mask off is when he/she is swimming in warm-up or when heading to the starting blocks for their swim. Only 2 heats of swimmers are allowed behind the blocks at one time. There will be chairs set 6 feet apart behind each lane where swimmers will sit as they move forward to the starting blocks. Swimmers will be responsible for getting to the starting blocks on their own but will be monitored by 5 deck marshals behind the blocks.
4. Describe the ingress and egress of athletes and spectators. Describe any entry screening to take place upon facility entry. All competitors will enter the building through the front doors. Upon entering the building they will be asked to use hand sanitizer and be required to wear a face mask at all times within the building when not swimming. As participants arrive at the facility, his/her legal guardian will be asked to sign indicating that they have read and agreed to the waiver (sent out ahead of time, to be signed at the meet), fill out a questionnaire indicating his/her swimmer is healthy and pass a temperature check. There will be parent volunteers at this location making sure that everyone that enters the building is in compliance of the rules. If they are not in compliance then they will be asked to leave the facility. Once they enter the building, the swimmers will head directly to the pool area bleachers that are assigned to their team. They will be greeted by their coaches and told where to sit and put their items in the bleachers that are assigned to them. A swimmer will then listen for their event to be called. They will be allowed to leave their masks with their stuff at their marked location on the bleachers. No more than 3 heats will be allowed at the block side of the pool for each event. Heat 1 will line up behind the blocks, heats 2 and 3 will sit on the provided chairs that will be situated 6 feet apart behind the lane. After the swimmers swim their event they will do a warm down (10 and under will do a 25, 11 and over will do a 75, depending on the event that they just finished) Once they finish their warm down they will exit the pool at the far end. They will return immediately to their marked spot in the bleachers. The interval for the younger kids will be 1 minute between heats. The interval for the older kids will be 2 minutes between heats.
5. Describe precautions being taken in regards to spectator seating. No parents will be allowed inside of the building unless they are volunteering, using the restrooms, headed to the concession stand or needed by the volunteers to take care of something for their children. If parents or spectators are not volunteering they will be required to remain outside of the building. The side of the building along with other areas lends very well for parents or spectators to social distance in these areas. It will be their responsibility to remain social distanced and masked. All parents and spectators that are not able to attend the meet will be able to watch the live feed of the session on our Facebook page. We highly suggest that each swimmer only bring one parent or spectator to the meet. Spectators are allowed as well to sit in their vehicles. Vehicles can be parked at the pool or in the parking lot at Fort Dorchester.
6. Swimmers must arrive in their suits. Locker rooms will be designated for restroom use only. No changing or showering will be allowed. Locker room and restroom use must comply with all Safesport guidelines.
7. Parents/Guardians will be able to observe and have access to their children in the following manner: All parents and spectators will be able to watch the live feed of the session on our Facebook page. If parents or spectators are not volunteering they will be required to remain outside of the building. The side of the building along with other areas lends very well for parents or spectators to social distance in these areas. It will be their responsibility to remain social distanced and masked. We highly suggest that each swimmer only bring one parent or spectator to the meet. Spectators are allowed as well to sit in their vehicles. Vehicles can be parked at the pool or in the parking lot at Fort Dorchester.
8. Meet Personnel for each session are as follows: list number of timers: 10 timers, officials: 7 officials, safety marshals (list number and areas of responsibility): 15 safety marshals (5 behind the blocks, 5 by the bleachers and 2 at end of the pool to keep them moving after event , meet administrators: 2 meet directors, 2 with Sports Timing /announcers: 2 announcer/Facebook Live, 8 lifeguards on deck, 12 coaches on deck.
9. Facility Personnel for each session are as follows: list number of lifeguards, custodians, security or any other facility personnel: 8 Lifeguards, 4 custodian and other facility
10. There will be a total of 50 Meet Personnel on deck for the meet. According to state and local guidelines, the facility can have a maximum of 250 on deck. This will allow for a maximum of 200 athletes in each session.

11. There will be a minimum of 30-60 minutes in between sessions to allow for full facility evacuation and disinfection.
12. Hospitality for coaches and officials: We will have coolers on deck for officials and coaches to get bottles of water. We will also have prepackaged snacks in both the coaches' room and officials room for them to have during breaks. For meals coaches and officials will be able to order from the concession stand. Each will be given \$10.00 to purchase a meal.
13. Facility staff and team personnel will be on hand to ensure all safety precautions and facility guidelines are followed.
14. If at all possible Coaches and Officials meetings will be held virtually prior to the start of the meet.
15. If vendors will be present, describe how and where they will be set up in compliance with facility numbers. Augusta Swim, will be setup outside of the building in tents. These will be in full view of spectators and easily accessible to everyone at the event. In the case of incimate weather Augusta Swim will be moved into the building in the hall.
16. Failure to comply with the submitted COVID-19 Meet Plan could result in the sanction being rescinded and possible denial of future sanctions for a term of not longer than one season (short course or long course).
